

	Autumn	Spring	Summer
Curriculum Theme	I wonder why ...	I wonder how ...	I wonder where ...
Overview	Celebrating each child's individuality and comparing their characteristics and interests to their peers. Learning about the seasons of Autumn and Winter as well as being part of a Harvest Festival. Exploring Diwali and how it is celebrated. Learning about Bonfire Night and thinking about jobs in the local community. Thinking about Christmas and how different families and cultures may celebrate.	Reflecting on their growth so far and thinking about how they would like to improve. Exploring Chinese New Year and starting to learn some Mandarin. Learn about the season of Spring, looking for changes in the local environment. Thinking about people who are special to us and who our heroes are. Thinking about where food comes from and learning how it grows. Learn about animals and their habitats as well as learning the Easter story and traditions.	We will learn about the season of Summer and think about how to keep safe, especially in relation to water. Explore reusing and recycling in order to keep the planet Earth clean and safe as well as looking at the creatures we could find in the ocean. These will be real and fantasy creatures. We will learn about St George's Day and about British Values when celebrating the Queen's birthday. We will think about how each person's life might be different.
Special Events	Harvest Festival Christmas performance	Easter Service World Book Day STEM Week	End of year party
